

Gradus Esplanade Range

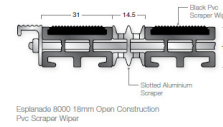

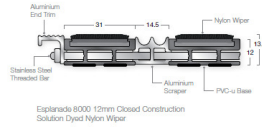

Profile Availability

- Available in 12mm or 18mm thicknesses
- Available in open or closed construction
- Supplied with edging strips and divider bars (see page 33)

PVC-ufive - 50% of material is made from recycled content. 70% of aluminium comes from 100% recycled billet.

Wiper Availability

Gradus Esplanade 8000 is a primary barrier mat suitable for use in the most demanding environments, such as shopping centres, airports and railway stations, where cleaning and drying of heavy wheeled traffic is required. Available in 3 solution dyed nylon colours and in 12mm and 18mm formats

Esplanade 8000 is constructed from silver anodised aluminium scrapers and rigid PVC-u carriers incorporating 100% solution dyed nylon wipers with a heavy scraper yarn (in a choice of 3 colours) or a black pvc scraper wiper, which are joined together using stainless steel threaded bars.

Esplanade 800 has been tested with heavily laden trolleys to ensure suitability for use and is tested to a B1 fire rating as standard. The matting has also been tested for slip-resistance using the HSL ramp test and achieves a low risk of slip.

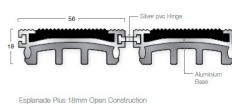

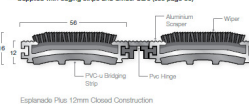

Profile Availability

- Available in 12mm or 18mm thicknesses
- Available in open or closed construction
- PVC hinges available in black or grey (closed construction). A push-in hinge is available when installing Esplanade Plus in restricted areas (see page 33)
- Supplied with edging strips and divider bars (see page 33)

PVC-ufive - 50% of material is made from recycled content. 70% of aluminium comes from 100% recycled billet.

Wiper Availability

Gradus Esplanade Plus 6000 & 5000HD is a primary barrier mat available in either open or closed construction and in two thicknesses (12mm or 18mm). It is ideal for use in interior or exterior locations subject to heavy foot and heavy wheeled traffic e.g. supermarkets, shopping centres and airports.

The mat is constructed using an aluminium base supported by rigid PVC-u bridging strips which provide excellent point loading combined with flexible pvc hinges, available in a choice of black or grey, which allow for minor undulations in the matwell and provide ease of handling. The aluminium scrapers are interspaced with either 100% solution-dyed nylon wipers that provide excellent soil and moisture retention (in choice of 16 colours) or a black pvc wiper for scraping off dirt.

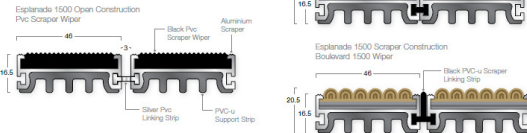

Esplanade Plus has been tested with heavily laden trolleys to ensure suitability for use and is tested to a B1 fire rating as standard.

Gradus Esplanade Range

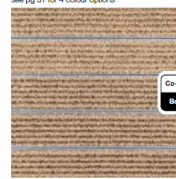

Profile Availability

- Available in 15.5mm thickness
- Available in open, closed or scraper construction
- PVC linking strips: open - silver, scraper - black
- Supplied with edging strips and divider bars (see page 33)

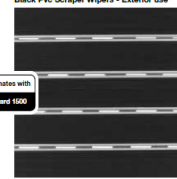

Wiper Availability

Boulevard 1500 Wipers - Interior use
see pg 31 for 4 colour options

Black PVC Scraper Wipers - Exterior use

Co-ordinates with
Boulevard 1500

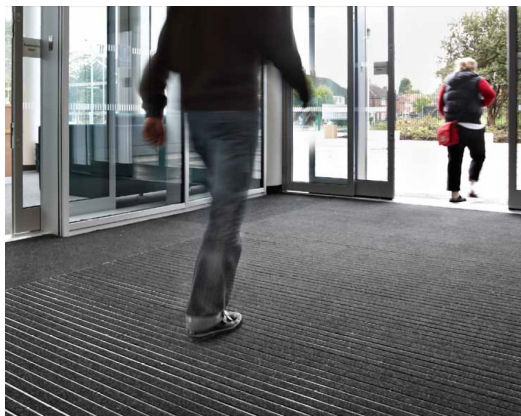

PVC-u/pvc - 50% of material is made from recycled content, 70% of aluminium comes from 100% recycled billet.

Gradus Esplanade 1500 is a primary barrier mat available in either open, closed or scraper construction and is ideal for use in interior locations subject to heavy foot and medium wheeled traffic, e.g. high street shops, schools and offices.

The mat comprises an aluminium base with rigid PVC-u support strips, which provide additional strength. Flexible pvc linking strips allow for minor undulations in the matwell and provide ease of handling. The aluminium scrapers are interspaced with 100% polypropylene wipers (in a choice of 4 colours) which provide an effective surface for the removal of dirt and moisture or a black pvc wiper for scraping off dirt.

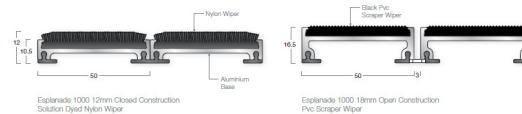

Esplanade 1500 has been tested to ensure suitability for use and for slip-resistance using the HSL ramp test, achieving a low risk of slip

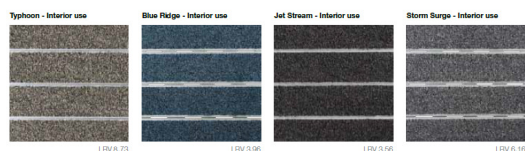

Profile Availability

- Available in 12mm or 18mm thicknesses
- Available in open or closed construction
- Supplied with edging strips and divider bars (see page 33)

70% of aluminium comes from 100% recycled billet.

Wiper Availability

Exterior wiper - Black PVC Scraper Wiper also available - see page 16 for visual appearance

Gradus Esplanade 1000 is a cost-effective primary barrier mat suitable for everyday use at entrances. Available in either open or closed construction and in two thicknesses (12mm or 18mm), Esplanade 1000 is ideal for use in interior and exterior locations subject to medium foot and medium wheeled traffic e.g. high street shops, schools and offices.
