

## Coral Brush Activ

### Secondary 10mm Entrance Matting Carpet

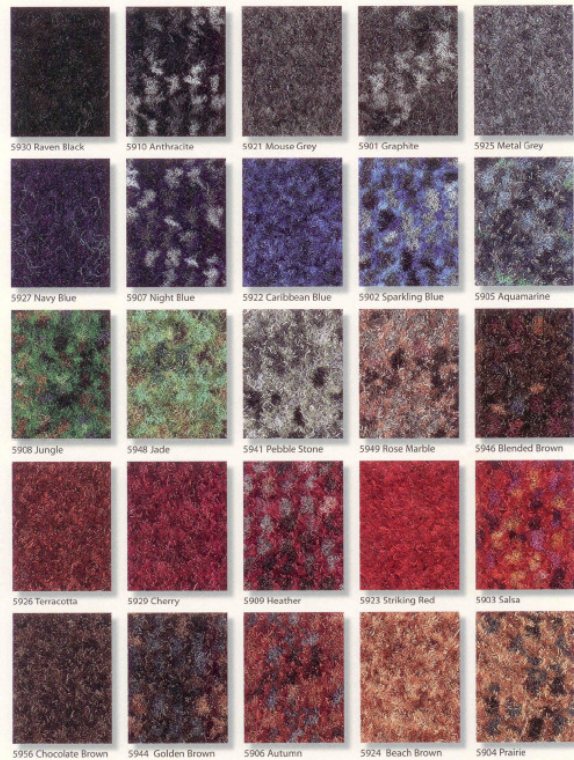

Coral Brush Activ can be used in all types of entrance areas and is the ideal solution when you need a textile entrance system that can simultaneously absorb moisture and remove dry soiling. Coral Brush Activ boasts a palette of 25 solid and blended colour ways that can be used together in combination with other Coral ranges.

Our unique "lines" collection, offered in a range of seven contemporary yet practical colour ways, adds an increased level of style and design to entrances.

For areas where there is a heightened risk of fire, Coral Brush Activ **FR** can be supplied with a flame retardant latex backing that meets EN 13501 BflS1. Coral Brush Activ **FR** is available in 185cm width.
